DETAILED ACTION

Abandonment Revived

1. The Abandonment has been revived and the last office action was void as result of being responsive to a CPA that was not a CPA at the time.

Drawings

2. The drawings are objected to because page 1 has two figures which must be separated with brackets and properly numbered. This requirement has not been meet for the last action in which the applicant was held **Non-Responsive**. Correction is required.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 2 and 3 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Pellet.

Pellet discloses a vise comprising a body (E) having an internal bore (C), at least one face, a jaw track carried by one face, a piston (H) disposed in the bore (C), a master jaw operatively connected to the piston (H) and slidably disposed in the jaw track, and a top jaw (T) carried by the master Jaw (G).
